Socialist Worker

Meeting for PLC Students

Saturday 22nd October, 3.30 Regal Inn, Hawkins Street
(opposite Screen Cinema on College Green)

PLC students are getting a terrible deal from this government.

There are no grants and the facilities are often more like a secondary school than a third level college.

It is a blatant case of discrimination.

This government is more concerned with looking after its own interests than in doing anything to further education.

Albert Reynolds has awarded himself a pay rise of £267 a week—but his government claims that there is no more money in the kitty to fund PLC students.

It just shows how this country is being run by the rich for the rich.

The Socialist Workers Movement is organising this meeting for PLC students who want to bring some real change in this country.

There are two brief sessions:

3.30-4.30 Why we need a socialist alternative in Ireland—Richard Boyd Barrett; Eugene Kenny (President Liberties PLC Student Council)

4.30-5.30 The Fight for Students' Rights—Joan Gallagher (Socialist Worker Student Organiser
